HOW TO PLACE A GROUP ORDER

You've introduced sport stacking with Speed Stacks and your students love it...

They want to stack at home...

Now what?

Much like classroom teachers encourage reading at home through book-club purchases, you can encourage the development of motor skills at home by allowing your students to purchase their own Speed Stacks equipment as part of a Group Order. Your students get super discounts when buying as a group and you receive **FREE** Speed Stacks equipment for your program! *Note that Speed Stacks products are no longer generally available in retail stores so participating in a Group Order is the only way for your students to get these discounted prices.*

This year we are unveiling a brand new Group Order website. Keep your calculators and pencils in the drawer because this website makes doing a Group Order much easier. It's easy to use and gives you tools to organize and tally up all your Group Order information. And it saves you time by letting your families order online and even pay online with a credit card. Here's how it works:

1. Register your Group Order online

To get your Group Order started, simply go to www.speedstacks.com and choose GROUP ORDERS to enter the Group Order Site. Or you can call us at 1-877-GOT CUPS (468-2877) and we'll setup your Group Order for you. Once you're registered, we'll send you Stacker Brochures for your students to take home. After making their selections from the Stacker Brochures, families place their orders in the Group Order Site. Families who are not able to order online simply return their completed Stacker Brochures to you along with a check. Families can either pay online with a credit card or with a check. Please note that checks should be made out to Speed Stacks, Inc. and you must have at least \$100 in student orders to qualify for the discounted Group Order prices.

2. Monitor your Group Order

The Group Order Site lets you check on your students' orders at any time. Student payments are automatically added up making it easier than ever to reconcile your Group Order. Once all student orders are entered, just close your order and mail us the checks.

Once all of your student orders are in, it's time to shop for your Bonus items! You receive 10% of your students' orders in bonus bucks to spend any way you like on additional Speed Stacks equipment for your program. This is also the best time to order any additional items you need or free replacement cups for your Sport Pack.

3. Be their favorite teacher

Once you close your order on the Group Order Site and we confirm payment, we make one shipment to your school and you hand everything out to your students. With your order you'll receive an itemized list showing what each student ordered, making it super easy to pass everything out.

That's it – it's easy. Feel free to call us if you have any questions

Most importantly, have fun and **STACK FAST!**
